

Club Moorings

One of the most popular benefits of being a Diamond Island Yacht Club member is the use of several club-maintained private moorings, in popular nearby anchorages. There are currently ten club moorings: three in Converse Bay, two in Porter Bay, three in Kingsland Bay, one in Town Farm Bay and one in North Bay at the Lake Champlain Maritime Museum.

For Racers

DIYC hosts a series of races each season called Fast Sail using PHRF handicaps. These informal races provide intense competition for serious sailors and a welcoming environment for beginners.

For Cruisers

DIYC's signature Cruising event is Cruise week - a nine day cruise for both power boaters and sailors to destinations around Lake Champlain. Planned activities make this event a highlight for all. Destination Weekends and Cruise Weekends provide other opportunities to enjoy the Lake with great company.

DIYC Board of Directors 2022

Commodore: **Jim Moody**

Vice Commodore: **Fritz Martin**

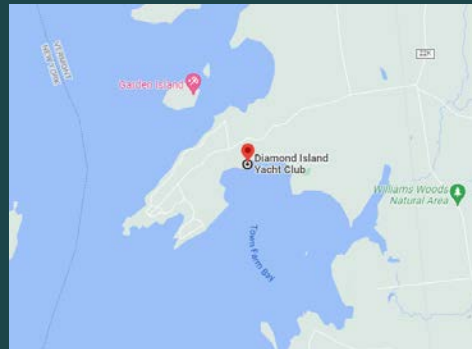

Treasurer: **Charlie Hillman**

Secretary: **Suzanne Magee**

Director (3-year): **Angela Santavicca**

Director (2-year): **Mary Anne Michaels**

Director (1-year): **David Morris**

Welcome to Diamond Island Yacht Club!

DIYC is located at Point Bay Marina on Thompson's Point in Charlotte, Vermont.

We are a welcoming club dedicated to promoting a friendly, skillful, and safe boating community of power boaters and sailors on beautiful Lake Champlain. Founded in 1981, the club hosts many events during and between boating seasons; including our annual vessel inspection, club raft-ups and coffee hours, a fun and informal racing program known as Fast Sail, Cruise Week, a Chicken Barbecue, the Diamond Island Regatta, and the Mid-winter Raft-Up.

Now in its 41st year, the club owes its success to the volunteer efforts — and the spirit of cooperation — among all of its members.

We invite you to join us!
